until you GET VISUAL!*

A-Frame Signs

Fast and effective way to display temporary safety information or other important messages.

Our free-standing A-Frame Signs provide a fast and effective way to display safety messages or other important information. Strategically place A-Frame Signs for maximum visibility, indoor or outdoor, and quickly reposition as needed.

We offer A-Frame Blanks and A-Frames with Printed OSHA Headers so you can apply your own message, graphic or logo, or contact us to print a custom message for you.

Benefits of A-Frame Signs

- **Affordable**
4mm corrugated plastic is durable and cost-effective.
- **Portable**
Lightweight, easy to set up, take down and folds flat for storage.
- **Versatile**
Add your own message, graphic or logo. Signs can be reversed for two signs in one.
- **Visible**
Strategically place for maximum visibility.

Material and Assembly

Our A-Frame signs are constructed of durable, lightweight 4mm corrugated plastic with cut out handles and fold flat for transport and storage.

To assemble, simply fold signs in half and use tabs to secure.

Folds flat for storage

Easy tab assembly
